

9th November 2021

Ms. Shauna Bradley,
3rd year student,
Mount Carmel Secondary School,
King's Inns Street,
Dublin 1,
D01 W657.

Dear Shauna,

I hope you are keeping safe and well. Thank you very much for your lovely letter and kind words along with the Life In Lockdown book. All students and staff involved in this history project and the successful production of the book should be very proud of yourselves.

I must say that I am really encouraged by your optimism. Despite all the restrictions in your life at the moment, you stayed positive through lockdown and used your time and limited resources really well to produce a very impressive memento of this extraordinary period, which will remain a snapshot in time for future generations of students to come. I am very impressed by the level of talent and range of activities produced by your school.

Please take care of yourself and your family, as that is so important right now.

Yours sincerely,

Leo Varadkar, T.D.,
Tánaiste and Minister for Enterprise, Trade and Employment.
